

European School Science Symposium 2018

For three days (22-25/04), 12 pupils of our school, accompanied by Mrs. Wintzer-Perrot and Mr. Thorwart, took part in the **European School Science Symposium, ESSS 2018**, which took place in Luxembourg II. These 12 pupils have been selected during "Science Day" organized in our school last November.

They presented their project in front of a panel of eminent scientists.

Here are the subjects presented by our pupils:

Inês CHAVES, André Inocêncio S3Pt	Edible Water Bottle/Bubble and Water Distiller
Petras VERSECKAS, Kristaps ZILGALVIS S4	Modzy - The versatile, modular and inexpensive quadcopter for delivery and research
Kertu Birgit ANTON, Laura BANDOS S4	The nutritional composition of products in vending machines and consumption of those by adolescents
MEINKE Levin, ZURBA Jonas, GARDZIULEVICIUS Titas S5	Experimental Cultivation of Pisum Sativum and Phaseolus Vulgaris under Simulated Mars Habitat Conditions
Antoine FALCH, Garbhan DONNELLY, Gediminas VIDZICKAS S6	Electromagnetic Train

Congratulations to **Levin MEINKE, Jonas ZURBA and Titas GARDZIULEVICIUS**, who won first prize for best poster!

CONGRATULATIONS to all participants for their work and commitment to this prestigious competition.

If you have an idea for a project or if you wish to take part in the next ISSS, do not hesitate to contact Mr. Thorwart or Mrs. Wintzer-Perrot !
