**Remarks :**

1. In principle, it is not possible to change an option or a complementary course after the definite choice has been made.
  - a) The school can, in exceptional cases, allow the change if it does not modify the organization of classes, i.e. if the change concerns a class which is already planned.
  - b) **Under no circumstance can a pupil abandon** at the beginning of the 6<sup>th</sup> year a choice of class which has been created within the limit of the required number of pupils.
  - c) **No change will be allowed after Wednesday 18 September.**
2. The 35 period limit cannot be exceeded, except for pupils whose obligatory classes' timetable and option classes reach 34 periods. These pupils can choose a single extra 2 period complementary class. The same applies for pupils who choose advanced scientific options (Math 5p + 2 science subjects). The absolute maximum is therefore 36 periods.
3. The choices offered on this grid are **TEMPORARY** and could change according to the decisions of the Management.
4. If a student wishes to take, e.g. Eco 4 or another L3 or L4, but has not studied the subject in the preceding 2 years, a letter requesting the right to sit a test on **22<sup>th</sup> May MUST** be sent to the Direction before **15<sup>th</sup> May, 2024**
5. If a 4 period science is not offered in your subject due to lack of numbers, you will be able to take it in your L2.
6. The overall choices **MUST** leave room for the inclusion of the obligatory two periods of EP.
7. In row 10, please, highlight the course of your choice. In case of religion, please, specify which religion.
8. Students must take a minimum of **two options** in order to fulfill the minimum number of written subjects required for the Baccalaureate. However, it is strongly advised that students consider taking **three options** in order to give themselves a choice of written examinations in the Baccalaureate examinations.
